| Compiled list of Online classes* during COVID pandemic lockdown period for students of MBBS 1 <sup>st</sup> Professional |            |  |                      |                       |
|--|------------|--|----------------------|-----------------------|
| Serial No  | Date       | Topic  | Theory/Practical     | Teacher               |
| 1  | 18/03/20   | Assessment: Perineum (Anatomy)   | Short Question       | Dr. Anirban Das Gupta |
| 2  | 19.03.2020 | Male and female external genitalia (Anatomy)   | Theory+<br>Practical | Dr. Anirban Das Gupta |
| 3  | 20.03.2020 | Male and female external genitalia (Anatomy)   | Theory+<br>Practical | Dr. Anirban Das Gupta |
| 4  | 20.03.20   | Perineum (Anatomy)   | Theory+<br>Practical | Dr. Anirban Das Gupta |
| 5  | 20.03.2020 | Theoretical concepts: DNA sequencing, Genetic engineering, PCR (Biochemistry)              | Theory               | Dr. Atanu Kumar Dutta |
| 6  | 21.03.2020 | Role of family in health (CMFM)  | Theory               | Dr. Rekha Dutt        |
| 7  | 21.03.2020 | Role of environment in individual health (CMFM)  | Theory               | Dr. Jitendra Majhi    |
| 8  | 21.03.2020 | Role of nutrition in individual health-cultural practices related to different food (CMFM) | Theory               | Dr. Ritesh Singh      |
| 9  | 21.03.2020 | Climate change (CMFM)  | Theory               | Dr. Amandeep Kaur     |
| 10   | 21.03.2020 | Methods of water purification (CMFM)   | Theory               | Dr. Farhad Ahamed     |
| 11   | 22/03/20   | Assessment: Perineum (Anatomy)   | M C Q                | Dr. Anirban Das Gupta |
| 12   | 23.03.2020 | Practical aspects of Genetic engineering, PCR and DNA sequencing (Biochemistry)            | Theory               | Dr. Atanu Kumar Dutta |
| 13   | 25.03.2020 | Antibody structure, function, and diversity (Biochemistry)<br><br>(Shared the PowerPoint)  | Theory               | Dr. Amit Pal          |
| 14   | 25.03.2020 | Autoimmunity   | Theory               | Dr. Amit Pal          |

|----|------------|--|----------------------|--|
|    |            | (Shared the PowerPoint) (Biochemistry)                           |                      |  |
| 15 | 25.03.3030 | T & B Cell Development<br>(Shared the PowerPoint) (Biochemistry) | Theory               | Dr. Sibasish Sahoo                             |
| 16 | 26.03.3030 | Diarrhea & malabsorption (Biochemistry)                          | Theory               | Prof Kalyan Goswami/<br>Dr. Chandramallika Pal |
| 17 | 27.03.2020 | Small Intestine and Superior mesenteric Artery (Anatomy)         | Theory               | Dr. Anasuya Ghosh                              |
| 18 | 27.03.2020 | Sacrum (Anatomy)   | Practical            | Dr. Sekhar Baidya                              |
| 19 | 27.03.2020 | Extra hepatic biliary apparatus (Anatomy)                        | Theory               | Dr. Anirban Das Gupta                          |
| 20 | 27.03.2020 | Peritoneum (Anatomy)   | Theory+<br>Practical | Prof. Biswabina Ray                            |
| 21 | 27.03.2020 | Innate Immunity (Biochemistry)                                   | Theory               | Prof. Kalyan Goswami                           |
| 22 | 27.03.2020 | Estimation of serum lipid profile (Biochemistry)                 | Practical            | Dr. Atanu Kumar<br>Dutta/ Dr. Sasikala T       |
| 23 | 27.03.2020 | Assessment: Extra hepatic biliary apparatus (Anatomy)            | Short question       | Dr. Anirban Das Gupta                          |
| 24 | 27.03.2020 | Assessment – CSF analysis  | Online exam          | Dr Soham Biswas                                |
| 25 | 28.03.2020 | Assessment: Extra hepatic biliary apparatus (Anatomy)            | M C Q                | Dr. Anirban Das Gupta                          |
| 26 | 28.03.2020 | CSF analysis (Glucose and Protein) (Biochemistry)                | Practical            | Dr. Amit Pal/ Dr.<br>Soham Biswas              |
| 27 | 29.03.2020 | Pancreas; gross anatomy (Anatomy)                                | Theory               | Dr. Satabdi Sarkar                             |
| 28 | 30.03.2020 | Stomach (Anatomy)  | Theory+<br>Practical | Prof. Biswabina Ray                            |
| 29 | 30.03.2020 | Spleen (Anatomy)   | Theory               | Dr. Anasuya Ghosh                              |

|----|------------|---|----------------------|-----------------------|
| 30 | 30.03.2020 | Assessment: Small intestine (Anatomy)                                 | M C Q                | Dr. Anasuya Ghosh     |
| 31 | 31.03.2020 | Assessment: Peritoneum (Anatomy)                                      | M C Q                | Prof. Biswabina Ray   |
| 32 | 31.03.2020 | Caecum & appendix (Anatomy)   | Theory               | Dr. Anasuya Ghosh     |
| 33 | 31.03.2020 | Coeliac Trunk (Anatomy)   | Theory+<br>Practical | Prof. Biswabina Ray   |
| 34 | 31.03.2020 | Principles of endocrine system and mechanism of hormones (Physiology) | Theory               | Dr. Sanjay K. Patel   |
| 35 | 01.04.2020 | Histology of testes & epididymis (Anatomy)                            | Theory+<br>Practical | Dr. Satabdi Sarkar    |
| 36 | 01.04.2020 | Liver (Anatomy)   | Theory+<br>Practical | Prof. Biswabina Ray   |
| 37 | 01.04.2020 | Assessment: Spleen (Anatomy)  | M C Q                | Dr. Anasuya Ghosh     |
| 38 | 01.04.2020 | Endocrinology (Physiology)  | Test                 | Dr. S Anandhalakshmi  |
| 39 | 01.04.2020 | Assignment - CSF analysis (Biochemistry)                              | Test                 | Dr. Amit Pal          |
| 40 | 02.04.2020 | Assessment: Abdomen (Anatomy)   | Cross Word           | Dr. Anirban Das Gupta |
| 41 | 02.04.2020 | Pituitary gland: HP axis, Anterior Pituitary (Physiology)             | Theory               | Dr. Sanjay K Patel    |
| 42 | 03.04.2020 | Histology of Prostate (Anatomy)                                       | Theory+<br>Practical | Dr. Satabdi Sarkar    |
| 43 | 03.04.2020 | Histology of Vas deferens (Anatomy)                                   | Theory+<br>Practical | Dr. Satabdi Sarkar    |
| 44 | 03.04.2020 | Histology of Liver (Anatomy)  | Theory+              | Dr. Satabdi Sarkar    |

|    |            |  | Practical |                      |
|----|------------|--|-----------|----------------------|
| 45 | 03.04.2020 | Development of gastro intestinal tract Part 1 (Anatomy)              | Test      | Dr. Anasuya Ghosh    |
| 46 | 03.04.2020 | Calcium homeostasis (Physiology)                                     | Theory    | Dr. S Anandhalakshmi |
| 47 | 03.04.2020 | Pituitary gland (Physiology)   | Test      | Dr. S Anandhalakshmi |
| 48 | 4.04.2020  | Assessment: Stomach (Anatomy)  | M C Q     | Prof. Biswabina Ray  |
| 49 | 4.04.2020  | Concept of health and wellbeing (CMFM)                               | Theory    | Dr. Rekha Dutt       |
| 50 | 4.04.2020  | Indicators of health (CMFM)  | Theory    | Dr. Ritesh Singh     |
| 51 | 4.04.2020  | Natural history of disease (CMFM)                                    | Theory    | Dr. Jitendra Majhi   |
| 52 | 4.04.2020  | Concepts of disease and causation (CMFM)                             | Theory    | Dr. Farhad Ahamed    |
| 53 | 4.04.2020  | Determinants of health (CMFM)  | Theory    | Dr. Amandeep Kaur    |
| 54 | 06.04.2020 | Physiology of sex differentiation - Part 1 (Physiology)              | Theory    | Dr. Madhavan C.      |
| 55 | 06.04.2020 | Posterior pituitary and disorders of pituitary gland (Physiology)    | Theory    | Dr. Sanjay K Patel   |
| 56 | 06.04.2020 | Regulation of insulin release and insulin action- video (Physiology) | Theory    | Dr. S Anandhalakshmi |
| 57 | 06.04.2020 | Endocrine Pancreas (Physiology)                                      | Theory    | Dr. S Anandhalakshmi |
| 58 | 06.04.2020 | Calcium homeostasis (Physiology)                                     | Test      | Dr. S Anandhalakshmi |
| 59 | 07.04.2020 | Mechanism of hormone action (Biochemistry)                           | Theory    | Prof. Kalyan Goswami |
| 60 | 08.04.2020 | Posterior Abdominal wall: Abdominal aorta (Anatomy)                  | Theory    | Dr. Satabdi Sarkar   |
| 61 | 08.04.2020 | Posterior Abdominal wall: Inferior vena cava (Anatomy)               | Theory    | Dr. Satabdi Sarkar   |
| 62 | 08.04.2020 | Posterior Abdominal wall: Supra renal (Anatomy)                      | Theory    | Dr. Satabdi Sarkar   |
