Proprietary Article Certificate

RE: VERSAJET II Hydrosurgery System

Smith+Nephew is the sole legal manufacturer and sole supplier of the Hydrosurgery System VERSAJET II globally.

The VERSAJET II Hydrosurgery System is a patented product of Smith+Nephew. The VERSAJET II Hydrosurgery System uses a high-pressure stream of sterile saline to optimise surgical debridement. The device enables surgeons to select, excise and evacuate non-viable tissue. Bacteria and contaminants from wounds, burns and soft tissue injuries using tissue preserving techniques.

The VERSAJET II Hydrosurgery System is unique and is protected by multiple international patents and patents pending. The VERSAJET II Hydrosurgery System is covered by or for use under one or more of the following U.S. Patents and their foreign counterparts:

Granted Patents:

- US8337175
- US8932269
- US8529498
- US9597107
- US9341184
- US10363061
- US11432838
- USD611961
- USD659165

We certify that the VERSAJET II System (console/Handpiece) is a proprietary product of Smith+Nephew.
