

5th Capsule course on Basics of Medical Education Technologies

The Medical Education Unit successfully conducted the 5th capsule course on Basics of Medical Education Technologies for Senior & Junior Residents on 11th & 12th July 2025. The program was inaugurated by the Executive Director and the Dean, Academics. A total of 27 Residents attended the program. All eleven sessions were interactive with hands-on training. Pre & post-test evaluation and feedback by participants shows that the program successfully achieved its objective of sensitising the young teachers in the health profession about new concepts in teaching and assessment methods.
